POWERFUL. RELIABLE. UNMATCHED.

PowerProtect™ 13kW¹ Standby Generator

Compact and versatile power.

With a 39% smaller footprint than other leading generators, the new PowerProtect 13kW Home Standby Generator provides the essential power you need during a power outage. Featuring a Vanguard® commercial-grade engine for unmatched top-tier performance and a robust warranty, this generator is perfect for powering homes with tight outdoor spaces and lot lines.

Briggs & Stratton® PowerProtect Generators provide comfort during power outages, shield against outage-related damage and costly disruptions, can lower your insurance premium, while enhancing your home's value.

Welcome to the future
of home backup
power solutions.

Engineered with
NGMax™

for superior power and performance

When choosing a standby generator, check the specifications closely. **Only Briggs & Stratton PowerProtect generators feature NGMax™ technology, delivering up to 13% more power on natural gas than the competition.** For homes with natural gas, Briggs & Stratton is the ideal choice.

POWERPROTECT.

Standby Generators

Highest Rated Power Output on Natural Gas⁴

Engineered with NGMax for superior power and performance with convenient hookups for both liquid propane and natural gas.

Corrosion Protection

Reinforced, corrosion-resistant aluminum enclosures and bases with Dura-Zen™ coating for a long-lasting attractive appearance.

Vanguard® Commercial-Grade Engine

Designed for reliable, continuous performance—from the engine experts at Briggs & Stratton.

Most Comprehensive Warranty in the Industry³

No out of pocket costs; labor, parts, service all included. That's up to a \$849 value!

Eco-Cise™ Weekly Test Mode

Our short 16-second weekly test mode ensures your generator is in top operating condition while reducing noise and fuel consumption.

Superior Motor Starting

Best motor starting in the industry² to ensure smooth operation of your large appliances during startup. More power² than the competition.

Power Your Essentials

Customizable to your home's power needs, our optional Symphony® Choice Power Management system allows you to use a smaller, more affordable generator to prioritize your power needs.

InfoHub™ Remote Monitoring

Monitor your generator status from anywhere, and get service updates from the convenience of your smart phone, tablet or computer.

In-House Call Support

Enjoy direct access to our US-based Briggs & Stratton energy experts whenever you need them.
