POWERFUL. RELIABLE. UNMATCHED.

PowerProtect™ Standby Generators

Dealer Exclusive 10-Year Warranty.

Crafted with innovation and engineered to tackle any challenge, the Briggs & Stratton® PowerProtect DX Generator series offers the ultimate solution for a home's power demands. From the compact 13kW¹ model to the industry's most powerful air-cooled generator at 26kW¹, our line is backed by the most comprehensive warranty² and service network in the industry.

The PowerProtect line offers protection from power outages, increases the value of a home, and can even reduce home insurance premiums — it's an investment that keeps on giving.

Welcome to the future of home backup power solutions.

Engineered with
NGMax™

for superior power and performance

Experience unmatched power with NGMax: With over 70% of USA homes having access to Natural Gas, our PowerProtect generators are designed to run on both Liquid Propane and Natural Gas. **With NGMax, you get more power on Natural Gas, setting a new standard that leaves the competition behind.**

ENERGY SOLUTIONS

POWERPROTECT.

Standby Generators

Highest Rated Power Output on Natural Gas³

Engineered with NGMax for superior power and performance with convenient hookups for both liquid propane and natural gas.

Flexible Installation & Maintenance

Approved for installation as close as 18" to a building⁴ with easy toolless panel removal for serviceability and maintenance.

Corrosion Protection

Reinforced, corrosion-resistant enclosures and bases with Dura-Zen™ coating for a long-lasting attractive appearance.

13kW Compact Size

The smallest generator footprint in its class⁵. Upright design provides the smallest footprint possible so it's easier to install in tight areas. The front exhaust design allows for ultimate installation versatility.

Vanguard® Commercial-Grade Engine

Designed for reliable, continuous performance - from the engine experts at Briggs & Stratton.

Suitable for Off-Grid use or Demand Response Programs

Certified for non-emergency use, partner with your utility company's demand response program and receive rewards for helping reduce the overall load on the power grid.

Eco-Cise™ Weekly Test Mode

Our short 16-second weekly test mode ensures your generator is in top operating condition while reducing noise and fuel consumption.

Superior Motor Starting

Ensure smooth operation of your large appliances during startup.

In-House Call Support

Enjoy direct access to our US-based Briggs & Stratton energy experts whenever you need them.

Most comprehensive warranty in the industry over time.

Coverage for 10 years on parts, labor, and travel through the entire warranty period. This extended warranty is offered to every model in the PowerProtect DX lineup - a value up to \$1,225.

| Air-Cooled DX Warranty Comparison | Mileage | Labor | Parts | Major Components |
|---|-----------------|-----------------|-----------------|------------------|
| Briggs & Stratton - 10 years | 10 years | 10 years | 10 years | 10 years |
| Generac - 5 years | 2 years | 2 years | 3 years | 5 years |
| Kohler - 5 years | 5 years | 5 years | 5 years | 5 years |

¹ This generator is rated in accordance with UL (Underwriters Laboratories) 2200 (stationary engine generator assemblies) and CSA (Canadian Standards Association) standard C22.2 No. 100-14 (motor and generators).

² See operator's manual or BRIGGSandSTRATTON.com for complete warranty details.

³ In its named class.

⁴ The installation manual contains specific instructions related to generator placement in addition to NFPA 37, including the requirement that carbon monoxide detectors be installed and maintained in your home or business.
